

# Quick Facts: Partnerships

## Challenges

- The Advancing HIV Prevention (AHP) initiative calls for new approaches to HIV prevention, including partnering with a greater number and variety of organizations.
- Partnerships can be slow to get started and to produce demonstrable results.

## Accomplishments

- To date, partnered with numerous federal and private entities to implement AHP strategies and approaches with regard to
  - financial, policy, and operational issues
  - perinatal HIV prevention
  - case management
  - rapid HIV testing
  - communications and training
- Federal partners include
  - Agency for Healthcare Research and Quality (AHRQ)/U.S. Preventive Services Task Force (USPSTF)
  - Centers for Medicare & Medicaid Services (CMS)
  - Department of Housing and Urban Development (HUD)
  - Department of Veterans Affairs (VA)
  - Health Resources and Services Administration (HRSA)
  - Office of Population Affairs (OPA)
  - Substance Abuse and Mental Health Services Administration (SAMHSA)
- Other partners include
  - American Academy of Emergency Medicine
  - American Academy of HIV Medicine
  - American College of Emergency Physicians
  - American College of Obstetricians and Gynecologists
  - American Hospital Association
  - Health Plans and Managed Care Representatives

- Infectious Diseases Society of America
- National Alliance of State and Territorial AIDS Directors
- National Association of Community Health Centers
- National Association of Social Workers
- National Business Group on Health (formerly Washington Business Group on Health)
- National Coalition for the Homeless
- National HIV/AIDS Partnership, which includes partnership alliances with health care, multimedia, faith, business, and civic/social sectors
- National Minority AIDS Council
- Migrant Clinicians Network
- Society for Academic Emergency Medicine
